

Matrikel App

Simple. Elegant. Effective.

An Indispensable tool for the members of the Freemasons.

The Matrikel App has been created to provide a clear and complete overview of masons and their service within lodge life.

With a single touch, you gain access to:

- Profiles – up-to-date information on each mason.
- History – insights into professional and Masonic background.
- Navigation – Alphabetically categorized and easy to find.
- Available for iOS and Android.

The design of the app:

The Matrikel App provides Freemasons with a tool that combines tradition with modernity.

- Efficiency: All essential information in one place.
- Elegance: Designed with respect for the dignity of the Freemason.
- Reliability: Always updated, always trustworthy.

A Service to members of the Freemasons

The Matrikel App has been developed with the knowledge of Freemasonry users. It is not merely a technical solution – but a tool that strengthens order, clarity, and continuity within the lodge.

Please Note

Access to the Matrikel App requires your lodge to be registered. This is why not all Freemason members are yet included in the app. However, the register is continuously expanding, ensuring an increasingly comprehensive and valuable resource.
